

Miovision Scout

Smart cities start with data
you can trust

Fully connected

Remotely monitor and change studies, and get notifications if something needs attention.

Multipurpose

Whether you're counting vehicles, bikes or people, if Scout can see it, Scout can count it.

Portable & durable

Quickly respond to customer requests, and make quick work of your time in the field.

Weatherproof

From Alaska to Dubai, Scout has been deployed in some of the world's most extreme climates.

Miovision Scout is better with DataLink

Miovision DataLink is an easy-to-use online tool that connects traffic engineers and planners with local data collectors. It makes requesting and using traffic data simple by helping teams collaborate, track progress, and securely warehouse their data.

Miovision is changing the game for transportation planners. Good planning requires good data to help us make smart decisions.

– Robert Wertman,
Transportation Planning Supervisor
Madison County (Ind.) Council of Governments
